Substance Use Disorder Service Hours Extended to Accommodate New Clients

Spencer, IA – As a result of Compass Pointe closing on Monday, April 15, Seasons Center for Behavioral Health will temporarily extend substance use disorder service hours to accommodate the increase in clients in need of services.

“Over the past few days, we have been looking closely at how we can best accommodate clients coming from Compass Pointe and our agency has identified a few solutions that will make it as seamless as possible,” said Kim Scorza, CEO/President of Seasons Center.

Extended evening and weekend hours will be offered for substance use disorder services in Sheldon, Sioux Center, Spencer, and Storm Lake for both evaluations and group sessions. To schedule an evaluation, please call 800-242-5101.

“We see the large need for substance use services in our area – and even more especially with one of the other main providers closing in northwest Iowa,” said Scorza. “We welcome new clients in working toward their recovery.”
