## **Seasons Center Awarded Renaissance Initiative Grant Funds**

**Spencer, IA.** – Seasons Center for Behavioral Health has been awarded grant funding from the Renaissance Initiative Committee in Spencer in the amount of \$1326.72 to purchase materials, resources, and tools to enhance therapy services to be provided at the new Regional Children’s Center.

“Developmentally appropriate toys can improve therapy outcomes by providing children the opportunity to learn and express themselves through role-playing and creative expression,” says Annie Downing, Licensed Master Social Worker.

Slated to open in 2015, in Spencer, Iowa, the Regional Children’s Center will be a core piece of behavioral health services in the community of Spencer and northwest Iowa. The facility will offer a child friendly, trauma-sensitive, and healing environment throughout the building.

“We’re grateful to the Renaissance Committee for this funding and the opportunity to continue to build and enhance the services we offer to children and their families,” says Christina Eggink-Postma, Director of Program Coordination and Compliance.
