Seasons Center Executive Director Appointed to Children's Workgroup

SPENCER - Kim Scorza, Executive Director for Seasons Center for Behavioral Health, has been appointed to the State of Iowa's Children's Mental Health and Well-Being Workgroup.

Facilitated by the Iowa Department of Human Services, in cooperation with the departments of education and public health, the workgroup is comprised of a variety of community stakeholders to create interdepartmental awareness of issues relating to children's mental health. The recommendations from this workgroup will be provided to legislators at the next legislative session.

"I am privileged to be a member of this workgroup for children's mental health," says Kim Scorza, Executive Director. "This group will work to create a coordinated response within Iowa for addressing children's mental health services, taking into account the effects of mental health and child welfare that specifically address the effects of adverse childhood experiences and child poverty."
